## Value Medical (VMS) Splints

### Cork Based - Semi-Rigid – Body Mouldable

#### ADVANTAGES:

##### For The Patient:

*Light, anti-allergenic, stable, and lets the skin breathe.*

**Result:** higher comfort.

##### For The User (Casting Master):

*Ready to use, anatomically preformed, adjustable with scissors, mouldable to body extremity with hot air.*

**Result:** clean, easy and fast applicable and best fit.

##### For The Doctor – Radiologist:

*Stable, X-Ray translucent.*

**Result:** easy, precise, efficient stabilisation and better overall image quality.
